AMANUEL TADESSE

COMPUTER ENGINEER / SOFTWARE DEVELOPER

SUMMARY

Motivated and detail-oriented Electrical and Computer Engineering graduate with a strong foundation in hardware and software design, programming, and project management. I bring a versatile skill set and a strong commitment to delivering high-quality web and mobile applications. Throughout my previous works, I have demonstrated my ability to design intuitive user interfaces, implement complex functionality, and optimize performance. With a comprehensive understanding of both front-end and back-end development, I am equipped to handle the entire development lifecycle independently. I have successfully contributed to various web and mobile application development projects, utilizing a range of technologies and frameworks to create efficient and effective web solutions.
